

Book-ellation!

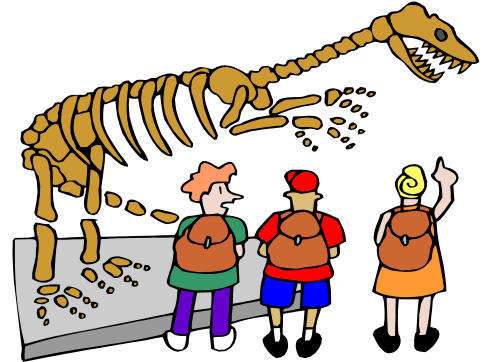

Sue is Dino-mite!
(Ages 4 – 6)

Description of Program

Join us for a dino-mite celebration of the tenth anniversary of the Field Museum's unveiling of Sue, the most complete T. rex fossil ever discovered. Dino lovers are invited for a roaring good time of stories, dinosaur games and crafts.

Dino Walk

Use the following template to create “dino footprints”. Use sheets of black construction paper for “tar pits”. Alternately place the footprints and the tar pits in a circle (you might want to laminate the pieces first). Have children march around the circle to music, when the music stops anyone standing on a tar pit is out of the game (and extinct).
